

# Ground Zero Electrostatics ABHS-500 Hand Soap

## ABHS-500 Hand Soap

### Description:

ABHS-500 antibacterial soap is formulated with .3% Triclosan, natural moisturizers, and propriety additives to kill gram positive/negative bacteria, and moisturize the skin. The natural moisturizers protect both against static electricity generation and dryness. This ultra rich soap lotion leaves the hands smooth and soft. ABHS-500 is ideal for the electronic manufacturing facility, food service, pharmaceutical laboratories, and cleanrooms. Double bag packaging is available for cleanroom applications. Soap is packaged in standard sealed 500ml. pump bottles. Infrared no touch dispensers are available for this product.
