

ZeroStat Mat

Static Dissipating Mat Cleaner

Specifically formulated for cleaning & maintaining Anti-Static mats

Maintains Anti-Static protection

Cleans and enhances appearance

PRODUCT DESCRIPTION

ZeroStat Mat is specifically designed for cleaning and maintaining static dissipative matting. Regular cleaner and detergent compounds destroy the static-dissipating properties of highly specialized conductive mats, rendering static control maintenance programs ineffective. ZeroStat Mat removes dirt and soil while maintaining or increasing the conductivity. This product is equally effective on all types of ESD control matting. Environmentally safe, it is noncorrosive, nonflammable, and biodegradable.

APPLICATION & MAINTENANCE

Simply spray ZeroStat Mat onto the mat and wipe with a clean low lint wiper. ZeroStat Mat can be used straight or diluted 1:1 with water. Do not rinse.

SAFETY INFORMATION

Health	1
Flammability	0
Reactivity	0
Personal Protection	B

CAUTION: May cause irritation in undiluted concentrations. If ingested, give vinegar, lemon or orange juice. Follow with olive oil. **Do Not Induce Vomiting.** External contact, flood with water. In the event of eye contact, wash with plenty of clean water. **Contact a physician immediately.** Contains Diethylene Glycol Methyl Ether #111-77-3. For complete information consult MSDS sheet.

SPECIFICATIONS

Active Ingredients	Anti-static and quaternary compounds
Electrostatic Decay Time	0.1 Seconds
pH	6.5 - 7.5
Free Ammonia	None
Free Alkali	None
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Green
Odor	Mild Detergent
Solubility in Water	100%
Freeze/Thaw Stability	Minimum 3 cycles
Shelf Life	1 year minimum at room temperature
Flash Point	None
Weight Per Gallon	8.3
Biodegradable	Yes
Soil Suspension	Good

Product No.

2094

GROUND

ZERO
