Marking: Company name and material designation on container, wrapper or molded on finished part.

See General Information Preceding These Recognitions.

UL94 small-scale test data does not pertain to building materials, furnishings and related contents. UL94 small-scale test data is intended solely for determining the flammability of plastic materials used in the components and parts of end-product devices and appliances, where the acceptability of the combination is determined by ULI.

Report: June 29, 1989.

Replaces E124524 dated November 14, 1995.
